

Commission on Opticianry Accreditation

ADVISORY COMMITTEE QUESTIONNAIRE

Institution: _____ Date: _____

Program: _____

1. Based on your experience and opinion, please respond to the following questions

Yes	No	Not Sure	Question
			Have the goals and functions of the advisory committee been established and shared with you?
			Does the advisory committee meet at sufficient intervals to achieve its goals?
			Is there appropriate communication between the faculty and the advisory committee?
			Is there student representation on the advisory committee?
			Is an agenda distributed in advance of each advisory committee meeting?
			Are you given the opportunity to suggest agenda items for advisory committee meetings?
			Are accurate minutes of the advisory committee meetings recorded and maintained?
			Are laboratory facilities and equipment sufficient for the number of students enrolled in the program?
			Are classrooms conducive to learning with adequate space, desks, and comfort?
			Does the library contain (or provide access to) up-to-date discipline specific texts, references, and periodicals?
			Does the clinical practicum include sufficient practice of procedures?

Yes	No	Not Sure	Question
			Is program advertising appropriate and does it accurately reflect the program?
			Is curriculum evaluation provided through follow-up studies of graduates, including their performance on the American Board of Opticianry's national certification examination and state licensure examinations?
			Do findings on such follow-up studies indicate the program is achieving its own stated educational goals and objectives?

2. How do you as an advisory committee member contribute to this program?

3. What do you feel are areas of improvement in the program?

4. What do you feel are the strengths of the program?
